

ARCHIE

- Gelding – 14.2hh – 2019 –

FS Champion De Luxe x Caesar 171

Archie is an absolutely drop dead gorgeous pony with talent to burn. He has already proven himself to be a super talent for the future with 4/4 wins at his first 3 shows.

Archie has a compact build with 3 super paces and is already showing incredible talent towards the collected work. He has started his lateral work and is already showing super promise for the higher levels.

On the ground, he is a real sweetheart in the stable always wanting a cuddle and attention and loves to stand for hours to be groomed.

As Archie is still young he does need a rider who will be able to bring out his full potential, there will still be lots that is new to him so he will look to the rider for confidence. However, he does show a really natural confidence and is always trying to please his rider. In the right hands we think he would make a super FEI pony or would be equally suited to a small adult who wants a talented pony to bring through the levels.
